Republican County Convention.
In accordance with the call the Republican county convention was held at the Town Hall yesterday afternoon. The convention was called to order by Hon. Jacob Walton, Chairman of the county committee.

Upon motion of Frank Shepherd, of Benton, E. A. Faunce, of Tuscara, was elected chairman. Upon motion, Frank Shepherd was elected secretary.

Upon motion E. Z. Perkins, of Benton, Thomas Richardson, of Inverness, and James Barclay, of Beaumont, were appointed a committee upon resolutions.

The committee reported the following delegates from the different towns present: Benton—George W. Bell, J. C. Wooster, W. S. Humphrey, H. M. Airman, G. Wharton, C. J. Hunt, Frank Shepherd, W. C. Moore, E. Z. Perkins, Robert Robinson, George E. Frost, Jacob Post, Joseph Spooner and Wm. Bartholomew.

Inverness—Thomas Richardson, O. P. Tobias, Francis Passeno, John Roberts and Charles Bechman.

Beaumont—James Barclay and Thurlow Weed.

Tuscara—E. A. Faunce and Blaise Barney.

The other towns failed to send delegates.

Upon motion the convention proceeded to ballot for a delegate to the state convention at Jackson, August 5. Chas. Buchanan, of Gen. E. Frost having been appointed teller. The result of the ballot was as follows:

Whole number of votes 22. Geo. W. Bell, 18; Jacob Walton, 3; W. S. Humphrey, 1.

Upon motion of W. S. Humphrey, Mr. Bell was declared unanimously elected.

Upon motion of E. Z. Perkins, Geo. W. Bell was elected delegate to the Congressional convention to be held at St. Louis, Aug. 3, by acclamation.

Upon motion of E. Z. Perkins, the convention proceeded to elect three delegates to the Senatorial Convention which is yet to be called.

Watts S. Humphrey, Jacob Walton and E. A. Faunce were elected by acclamation.

Robert Robinson, George G. Wharton, Jacob Walton, Thomas Richardson, James Barclay and E. Z. Perkins were elected delegates to the Representative convention of the Cheboygan district, by acclamation.

There being a question as to the number of delegates Cheboygan county would be entitled to at the Representative convention, the call for having been issued, Mr. Bell offered the following resolution:

Resolved, That in case Cheboygan county shall be entitled to a greater number of delegates than have been selected, that those now elected be authorized to fill the delegation and in case the county shall not be entitled to six delegates, then those first named, in the order of their election shall act as delegates.

Their being no further business the convention adjourned.

Cheboygan County and the State Fair.
The suggestion of the TRIBUNE last week that an effort be made to have our county again represented at the state fair, with an exhibition of her products, seems to meet with favor. A number of citizens have commended the movement and all seem so far as we have heard, to be anxious that something should be done, the only question being how the best showing could be attained. We are still of the opinion that the agricultural society should take hold of the matter. We know that the whole burden was borne by the society, except so far as the efficient committee devoted their time and labor in gathering the exhibit, this they did gratuitously. Other counties in this section of the state are wide awake and are actively at work, and unless something is done soon in Cheboygan county, we fear we will be left behind our neighboring counties. We would like to see something done right away, for no time is to be lost if a display is to be made that will be creditable to the county.

A Suburban one of a Cucumber.
Charles Palm served three years unduly in the Ohio penitentiary. Though innocent of the crime with which he was charged, that of obtaining money under false pretense, he was so strongly defended that the jury pronounced him guilty. The prosecuting witness swore that the money in question was \$105, all in \$10 and \$20 bills, and the impossibility of the amount being so constituted was not brought out. However, Palm says he is not sorry, for while working in prison at shoemaking he invented a machine of enough value to support him during the rest of his life.

Novel Water Power.
The plan of utilizing Genesee Falls is really being carried out. The power is to be controlled by letting the water fall into perpendicular cylinders in such a manner as to compress air with terrible force; and this air is to be conducted in pipes to various points for use in running machinery. The first novel application of the power will be the propulsion of street cars. If the scheme proves successful, Niagara will be tried.

Captains of steamers entering the harbor during the night have complained of the difficulty of picking up the range lights, especially if the atmosphere was foggy or thick with smoke, and have suggested that a pile be driven at the entrance of the harbor and a light placed upon it. In accordance with the suggestion, a pile is being driven to-day on the west bank at the entrance of the harbor upon which a light will be placed.

LOLA.
For NORTHERN TRIBUNE.
Dear parents, little Lola only sleeps. She'll wake on her Saviour's breast; There folded in His loving arms Your darling baby sweetly rests.

She was too sweet and pure for earth So Jesus called her to his home. Yes! the little lips you loved to kiss; Now sighs and prattles round the throne.

Then resign thy precious charge, Accept the precepts he has given And follow him who leads to heaven. In the shining courts of Heaven.

Profits From Silver Coinage.
A special Washington telegram to the Interior says: "A statement will be made public in a few days showing profit to the government from the coinage of silver from 1877 to June 30, 1880. It will show that during this time there have been coined 63,734,730 standard dollars, and \$4,102,761 in silver dollars. The profits of the government have been about \$10,000,000. There is to be subtracted from this about \$600,000 for the cost of transportation, and the rest has been covered into the Treasury. For some reason silver bullion is cheaper East than West, and during the year most of the coinage has been done at Philadelphia, where 15,000,000 standard dollars have been coined, against \$7,000,000 at San Francisco, \$4,000,000 at New Orleans, and less than \$5,000,000 at Carson City. From 1875 to 1878 only 8,045,635 silver dollars were coined altogether.
